Deven Divinagracia

The Bronx High School of Science

divinagrd@bxscience.edu

Objective: I am a high school student seeking an opportunity to conduct real-world research.

Education: Sophomore at The Bronx High School of Science, GPA: 97

Current Courses:

- **Sophomore Physical Science Research:** Preparing for laboratory research by improving my ability to analyze papers, design and conduct experiments, and use computational tools to statistically analyze and visualize data.
- Advanced Placement Chemistry: Exploring atomic and molecular structure, chemical reactions, kinetics, equilibrium, thermodynamics, and electrochemistry using inquiry-based labs and mathematical problem-solving.
- Honors Algebra II
- Advanced Placement European History

Completed Courses:

- Algebra I
- Biology
- Elements of Engineering
- Geometry
- Science Research

Activities:

- **Bronx Science Physics Club, Board Member, Director of Outreach** **2025-Present**
  - Manage choosing and reaching out to potential scientific speakers to present at our meetings
  - Organize meetings, schedule, discussion topics, activities
- **Summer Science Alliance Academy at the American Museum for Natural History** **Summer 2024**
  - Explored the fields of astronomy, evolution, ecology, geology, and anthropology
  - Final presentation: Created a visual tour of the entire known universe using OpenSpace
- **Bronx Science Astronomy Club, Member** **2025-Present**
  - Explore theories and principles of astronomy, such as dark matter, black holes, exoplanets, and the theory of the end of the universe
- **Bronx Science JV Robotics Team, Member (2025-Present)**
- **Violin player** **2015-Present**
  - Chamber Music program at Third Street Music School (NYC) **2020-Present**
  - Migratory V Music Summer Intensive (Aldersbach, Germany), by invitation **Summer 2026**
  - School orchestra **2022-Present**
- **Ballet student at American Ballet Theatre's JK Onassis School** **2014-2026**
  - Performed in ABT Ballets including Don Quixote, Romeo & Juliet, and Woolf Works (premiere)

Skills:

- Microsoft Office, beginner in Java, proficient in OpenSpace and Tinkercad, knowledgeable in audio/video editing
